ASSOCIATION
1961

FUTURE
CHAMPION

?

Millions of players and thousands of instructors are deeply indebted to the BALL-BOY COMPANY for its many contributions to the instructional end of tennis. BALL-BOY COMPANY, headed by Eric Bergmark and Judy Barta, has virtually revolutionized the teaching of tennis through automation.

The first innovation produced by this Company was the BALL-BOY itself, an automatic ball throwing machine that will toss up to forty balls at one of three speeds, at any loft, at five second intervals. Soon to follow were the BALL-BOY "RETRIEVER" and "SERVER."

Now, BALL-BOY has released a new item of value to teachers and students of tennis—the "RE-BOUND-NET" (advertised below). This ingenious device allows the user a longer interval between strokes. The only way that it might be compared to a tennis "backboard" is that it returns balls hit against it. Unlike the back board in any other way, the RE-BOUND-NET allows several seconds more for the student to prepare himself for the next stroke, without any reduction in ball velocity. "Adjustable tension controls" further add to the versatility of this device. The RE-BOUND-NET may also be tilted at various angles to simulate a variety of shots.

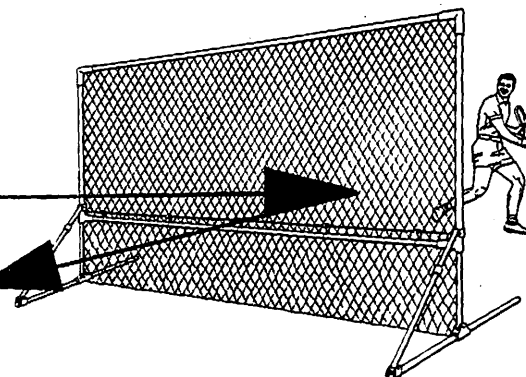

SOUTHERN TENNIS Magazine wishes to commend BALL-BOY Company on its achievements in the "grass roots" phase of the game of tennis. Their efforts have produced a variety of excellent and varied equipment which is of great value to both the student and instructor.

Editor

be a winner this year...
get real tennis practice
-even at home!

RE-BOUND-NET
pat. pending

another exciting tennis first from **BALL-BOY**

- Obsoletes backboards . . . a new hitting experience that actually gives player time to hit hard when standing as close as 8' or as far as 40' away from net.
- Provides "get ready" time for next stroke . . . no reduction in ball speed.
- Light, portable and free standing . . . use in backyard — basement — garage — driveway . . . or on court, in the field — stores flat against any wall.

- Adjustable tilt and adjustable tension set up any stroke for repetitive hitting indoors or outdoors.
- May be played on both sides at once . . . by as many as 10 people.
- An ideal surface for vigorous practice even at close range . . . great fun for novice or skilled player . . . develops and grooves every stroke.
- Available in 10' long and 20' long units.

BALL-BOY CO., INC. 26 Milburn Street . . . Bronxville, N. Y. . . . DE 7-0047

Althea Gibson and Karol Fageros

Wimbledon and
U. S. Champion
World's Professional Champion

Join Harry C. Lee Advisory Staff

Canadian
National Champion

Althea Gibson, 1957 and 1958 Wimbledon and United States Singles Champion, has joined the Harry C. Lee Advisory Staff. Althea's work in promoting tennis throughout the country has been unsurpassed, and thousands of underprivileged children all over the United States, feel that they, too, have an opportunity to become "SOMEBODY" in this great game of tennis. Miss Gibson has proved to the world that tennis is a sport for all people. She toured for the State Department in both 1956 and 1959.

Karol Fageros, Althea's opponent during their 1959-1960 professional tour, has also joined the Harry C. Lee Advisory Board. Karol, nicknamed "The Golden Goddess" by sportswriters, has toured the Far East on a Goodwill mission for the United States Government and has played competitively in India, Pakistan, Europe, Canada, Mexico and South America.

Harry C. Lee Rackets have been used in the past by Olympic Champions as well as Wimbledon and Forest Hills titlists. The Bat, The Dreadnought Driver and Lee Autograph are top quality rackets and favorites of champions. In the 1960 World Professional Championships in Cleveland, both The Dreadnought Driver and the Harry C. Lee Bat will be used by those competing for the title.

The Cover

The young tennis aspirant whose south view greets you on the cover is Clare Draper, IV, 2-year-old son of Mr. and Mrs. Clare H. Draper, III, Birmingham, Ala.

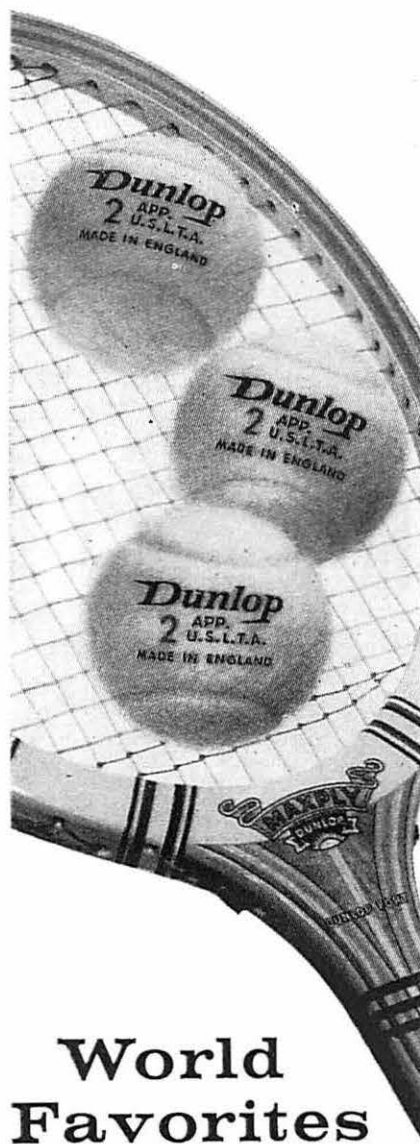

Nor did young Clare wait until this ripe old age to take up the game . . . a racket

was waiting for him shortly after the initial scrubbing at age zero days.

When interviewed for this cover story, Clare IV, remarked "um glup, goo-ball, glop blip ooou, wlerpst." This means: "If Kwamer thinks I will sign for a paultwy s'enty-fuve gwan he's cwazy. . . . I ha'en't lost a match in mi 'hole caweer. . . . Wha's mor' I'm pweared to hold out until I'm fowr; unless his pwice s wight."

SOUTHERN TENNIS is published monthly by Southern Tennis, Incorporated, Birmingham, Alabama. Second Class postage paid at Birmingham, Alabama. Subscription price is \$3.00 for one year, \$5.00 for two years, \$7.00 for three years.

World Favorites

The Dunlop Maxlife tennis ball plays best. That's why it has been used in more international championships than any other ball ever made. It will play best for you, too. It won't drift or fade or float. You'll get better control — and more sets per can.

Proof of the playing qualities of the Dunlop Maxply Fort racket is the fact that it has been the first choice of more than 100 Wimbledon players every year since 1947. Try a can of Maxlives; try a Maxply Fort; try a pair of new Dunlop tennis shoes. See what Dunlop will do for your tennis game.

Sports Division

Jack Kramer is a member of the Wilson Advisory Staff

with the
of champions

The Kramer Autograph is used by more top amateur and professional players than any other racket—Play one fast set with Wilson's new Jack Kramer Autograph racket, and you'll know why it's Jack's choice as well as the choice of more top amateur and professional players than any other racket. Wilson's reinforced Strata-Bow® frame retains perfect playing shape, controls string tension. No-Slip leather grip gives you sure control of every stroke.

And watch for the familiar yellow and black can of Wilson Championship tennis balls at the sideline during major tournaments. It's America's No. 1 tournament championship ball.

PLAY TO WIN WITH
Wilson

Announcing An Amazing **NEW KIND** of **TENNIS** **BALL**

USLTA
approved

STAYS PLAYABLE
100% LONGER
NEVER LOSES ITS
BOUNCE
OR LIVELINESS

TRETORN
MADE IN SWEDEN

NO COMPRESSION! Astonishing but true — this ball does not depend on compressed air for its superlative bounce and drive. All other balls start losing bounce and liveliness the minute they're taken out of the pressure-packed can. In time, they get soft — even in the locker! In use, they lose vital compression even faster. Not the TRETORN ball! There's *no* compressed air inside the ball — so you get *uniform*, permanent liveliness in every Tretorn ball you play.

ALL IN HOW IT'S MADE! This ball is manufactured by a revolutionary new *patented* method that makes all compression-type balls obsolete. The secret is in the "living resiliency" inner core — and it's a secret no other manufacturer can copy. Think of this: you can cut through the TRETORN ball with a knife, pierce it with an ice pick — it retains its bounce, stays playable!

LONGEST WEARING! Cover contains *more* nylon and Dacron, blended with wool — wears two, three, even four times longer than ordinary balls. Ideal for hard court use! As one player put it, "a TRETORN ball lasts until you lose it!"

USED IN DAVIS CUP PLAY! Accepted for tournament play, used by world famous players in the "world series of amateur tennis", the Davis Cup matches. Get TRETORN tennis balls at better sporting goods stores and pro shops.

**4 BALLS IN HANDY
CARRYING CONTAINER — ONLY \$3.00**
